

GUIDE TO APPLICANTS OF THE SECOND MASTET CALL

About the Second MASTET Mobility Call

The second mobility call provides opportunities for young African scholars to apply for scholarships to **some** programmes of the MASTET consortium. Please, note that not all programmes of the consortium are available in this call, as was the case in the first call which was launched in 2020.

The second call offers scholarships for two types of mobility schemes:

- Degree-seeking mobility
- Credit-seeking mobility

The two mobility schemes are available for applicants of both **TARGET GROUP 1** and **TARGET GROUP 2**.

Target Group 1 applicants are those from one of the six African universities which constitute the MASTET consortium. These include the:

- University of Buea, in Cameroon (the Lead University which coordinates the activities of the consortium)
- Makerere University (Uganda)
- Stellenbosch University (South Africa)
- Abomey Calavi University (Benin)
- Botswana University of Agriculture and Natural Resources (Botswana)
- Cairo University (Egypt)

Target Group 2 applicants are those from other African Universities, located in countries which are part of the African Union.

Degree-Seeking Mobilities

This mobility scheme covers the following:

- **2 years for Masters programmes in any of four MASTET universities (Buea, Stellenbosch, Makerere, Botswana University of Agriculture and Natural Resources)**

Universities	Programmes
Buea	Master of Engineering in Power Systems
Stellenbosch	Master of Engineering (Specialization in Renewable Energy Systems, Networks, Power Quality and Efficient Production Systems)
Makerere	MSc in Environmental Engineering
Botswana University of Agriculture and Natural Resources	MSc in Agricultural Engineering (with streams in Land Use Planning, Agricultural Mechanization, Soil and Water Engineering)

- 4 years for a PhD programme in one of two universities (Stellenbosch; Abomey Calavi)

Universities	Programmes
Stellenbosch	PhD in Engineering (Specialization in Renewable Energy Systems, Networks, Power Quality and Efficient Production Systems)
Abomey Calavi	<ul style="list-style-type: none"> • PhD in Renewable Energy Systems and Energy Engineering • PhD in Electrical Power, Machines Engineering and Agricultural Mechanization

Applicants should also note the following:

- **Applicants for any programme in Stellenbosch are also required to apply online for admission into Stellenbosch University**
- **Applicants cannot apply to a university in their country of origin or residence**

Credit-seeking mobility

- Applicants must already be registered on a PhD programme in any eligible University (either Target Group 1 or Target Group 2)
- Selected applicants will spend 10 months in one of four MASTET Universities (Buea, Makerere, Stellenbosch, Abomey Calavi), for any of the following programmes:

Universities	Programmes
Buea	PhD in Renewable Energy
Makerere	PhD in Electrical Engineering
Stellenbosch	PhD in Engineering (Specialization in Renewable Energy Systems, Networks, Power Quality and Efficient Production Systems)
Abomey Calavi	<ul style="list-style-type: none"> • PhD in Renewable Energy Systems and Energy Engineering • PhD in Electrical Power, Machines Engineering and Agricultural Mechanization

- **Applicants cannot apply to a university in their country of origin or residence**

Scholarships Provide

- A monthly subsistence allowance for the mobility period
- A settling-in allowance (equivalent of one month subsistence)
- Round trip ticket and visa costs
- Comprehensive insurance (health, accident and travel)
- An additional allowance for female students in degree-seeking mobilities

Application Procedure

- **Application is online on the MASTET website www.intra-africa-mastet.org**
- **Application files should contain the following attachments:**
 - **Application Form (to be filled by all applicants)**
 - **Curriculum Vitae**
 - **Passport (scanned)**
 - **Bachelor's Degree (scanned)**
 - **Master's degree (for PhD applicants only)**
 - **Attestation of Language Proficiency (for applicants for whom English is not their first Language)**
 - **Declaration of Non-Contractual Constraints (to show that the candidate is free to travel at short notice without requiring Employers to grant study leave. This declaration also shows that applicant is not a beneficiary to previous EU Intra-Africa or ACP grants)**

Closing Date for applications: 7th October 2021
